Reporting Requirements

As we employ over 250 employee we are required to report and publish gender pay information based on set criteria.

The pay data in this report is based on a snapshot of our pay data on 5th April 2020. Reporting requirements for this period only include employees whom were not furloughed due to the Covid-19 pandemic for the reporting period.

Gender pay reporting requires the following;

- ▶ Mean and median gender pay gap
- ▶ Mean and median gender bonus gap
- ▶ Proportion of males and females receiving a bonus
- ▶ Proportion of males and females by quartiles pay band

Bonus Pay Data – payments received in the 12 months leading up to the 5th April 2021.

Our Gap

Our People

At Showcase Cinemas we want all of our employees to be able to showcase their best, feel valued and are able to contribute to our success.

Our Gender Pay & Bonus Gap

During the pandemic and at the time of reporting there was significant periods of time where our cinemas were not operational, as a result of this we had a high number of employees in furlough. When reviewing our current gender pay gap against previous years this should be taken into consideration.

We have a higher % of male employees in the upper quartiles, these roles tend to be cinema management and senior roles.

Data in this reports shows a slight shift in the male and female split in the lower to mid quartiles due to the number of employees in furlough.

The senior roles were those that remained out of furlough which still accounts for the higher male % in the upper quartile.

Senior roles attract a larger overall opportunity for bonus pay. We have a higher proportion of males in our senior roles.

Our Commitment

We are committed to ensuring fairness and equal opportunities for all our workforce.

Our people agenda will continue to ensure we offer flexibility, training and development opportunities for all our employees.

I confirm that the information and data provided is accurate and in line with mandatory requirements
